Undergraduate Research Opportunity Program (UROP) - NSF-EPSCoR SUMMER AWARD

Submission Deadline: Friday, March 7, 2014

Nevada NSF EPSCoR Solar Energy-Water-Environment Nexus Nevada System of Higher Education

Program: NSHE announces the Summer 2014 Undergraduate Research Opportunity (UROP) scholarship program to promote undergraduate research at NSHE Community and State Colleges. Students enrolled at College of Southern Nevada, Great Basin College, Nevada State College, Truckee Meadows Community College, and Western Nevada College with at least 20 credit hours are eligible to apply.

The program is supported by funding from Nevada's NSF EPSCoR Solar Energy-Water-Environment Nexus program (Award IIA-1301726) and the State of Nevada. Students working in any STEM discipline or addressing STEM-related issues are eligible. Research projects in support of the research mission and goals of the Solar Energy-Water-Environment Nexus program are strongly encouraged. To learn more, about the Nexus program, visit <u>http://nvsolarnexus.org</u>.

Who is eligible? Any undergraduate student that has completed 20 credits at the College of Southern Nevada, Great Basin College, Nevada State College, Truckee Meadows Community College and Western Nevada College prior to the start of the program. Must be enrolled in 1-3 course credits during summer 2014. Participation is limited to U.S. citizens and permanent residents (Green card holders).

Research areas: Students working in any area of science, technology, engineering or math (STEM) are encouraged to apply. Fields related to solar energy, water and/or environmental research are of special interest. These include (but are not limited to): Biology, Civil & Environmental Engineering, Climatology, Computer Science, Ecology, Education, Environmental Studies, Geography, Hydrology, Journalism, Natural Resources, and Political Science.

Deadline: Friday, March 7, 2014

Scholarship amount: \$4500 to students; \$750 to faculty mentors for project expenses

Award Period: June 2 - August 8, 2014

Sponsored by: NSF EPSCoR program, Award #IIA-1301726.
