

Receive UROP Application Writing Assistance!

Students applying for the NSF EPSCoR UROP scholarship are strongly encouraged to participate in the Application Writing Workshop series. Due to COVID-19, writing workshops will be presented virtually in three different sessions:

- **Session 1:** Learn more about the UROP application, eligibility, roles and responsibilities, connect with potential mentors/mentees, and begin focused writing on your research proposal/personal statement.
- **Session 2:** Work with experienced writing center staff to further draft and edit UROP applications, while learning proper writing techniques for future applications.
- **Session 3:** Finalize UROP applications through a peer-editing process led by experienced writing center staff.

NSHE faculty who have agreed to, or who are interested in being a, research mentor is invited to attend Session 1 of the workshop so as to learn more about the program, meet students and sign up to be listed in the Nevada STEM Mentor Network database.

If your institution is not listed below, please check with Campus Contact for possible similar workshops. ALL NSHE STUDENTS should attend Session 1. Applicants should register for Sessions 2-3 based on their location. Accessing these sessions at a desktop or laptop computer is critical for viewing session presentations and sharing your application for editing.
